

The True Adventures of Gidon Lev

Rascal. Holocaust Survivor. Optimist.

ISBN: 978-1-7352497-0-4

A quirky, hopeful, and thoroughly inspirational story of the unusual life of a Holocaust survivor and the writer who loved him. Of the 15,000 children in the Nazi concentration camp of Theresienstadt in the Czech Republic, fewer than 100 survived. Gidon Lev is one of those children. One part memoir, one part travelogue, and one part history that you thought you knew, *The True Adventures* is a love letter to life that IndieReader called "Inventively structured and impeccably written."
